Experience

Lord's Mark Industry   **Nov 2023 - May 2024**
Web developer Intern

In my second internship, I'm back in the web tech scene, partnering with a senior developer. We're upgrading the company's site using ReactJS. I'm delving into different site modules, adding my touch to enhance its functionality and appearance.

Big Dreams   **July 2023 - Sept 2023**
Web developer Intern

During my internship as a web developer, I teamed up with a senior frontend developer on client projects. I followed her lead, tackling tasks and soaking up the ins and outs of web development along the way.

Certification

React Web Development Course

Successfully completed an intensive React-based bootcamp, gaining hands-on experience in building modern web applications. Received a certificate of completion, affirming skills in React development and readiness for dynamic software projects.

Projects
